

# Pendulum Construction CC

*You Dream it, We'll Build it*

## Our Vision

Pendulum construction's vision is to be synonymous with quality and fairness within the construction industry while ensuring customer satisfaction at all times.

## Our Mission

It is our mission to make our name synonymous with satisfaction through our promises and deliverables. We endeavour to achieve this by breaking ground within the commercial and residential markets throughout Africa.

## Our Commitments

To achieve this, we have implemented a Construction Management System compliant with the requirements of the **CIDB** CMS 2011 standard and applicable statutory and regulatory requirements, in order to achieve 100% quality of service delivery to our clients. In addition, we will ensure that in the process of our service delivery we meet all the requirements relating to occupational health & safety and environmental protection and the National Home builders' Regulation Council.

Our Management team is committed to creating a work environment in which all our staff are empowered through training interventions that provide them with the competency that will ensure that we consistently meet our customers' requirements.

We will set objectives to achieve results and conduct reviews to ensure that we remain on track in achieving customer satisfaction, training of staff, environmental and safety issues and harmoniously work within a community
